1. Must be owner or part owner of your tax practice
2. Must be a member in good standing of NCSEA
3. Must be an Enrolled Agent

This Tax Practice Management Workshop is a new NCSEA specialty workshop designed for business owners or part owners in a tax practice. Although there are some requirements which are noted above, there are no other criteria to meet. Whether you have a large or a small practice, we want to share ideas on how to build and strengthen your practice. We all want to work smarter, not harder.

Lisa Eyrolles is moderating the workshop. Once registered, you will be mailed a questionnaire about your business. We will share your questionnaire and any pertinent documents about your business that helps your practice run better with the other participants in a roundtable discussion at the workshop. This format has been used very successfully by the Florida Society of Enrolled Agents for several years now. These questionnaires need to be returned by **October 15th.**

Sessions planned will have valuable information such as: growing your practice, how to market your practice, time management, safeguarding taxpayer information, how to handle unhappy customers, what you need to know when purchasing a practice, succession planning, engagement letters, social media and so much more. Email Lisa Eyrolles at lisa@elitetaxandfinancial.com with any suggestions of topics you would like to see at the next Tax Practice Management Workshop.

This workshop is for 3 days. The registration fee is \$199 per person.
